

MORTON & BASSETT SPICES®

Strawberries & Cream Cocktail

- 8 large strawberries
- 2 teaspoons Morton & Bassett Vanilla Powder
- ¼ cup coconut water
- 16 ounces soda water
- ½ cup heavy cream
- ice
- 8 ounces vodka

In a blender, blend 6 strawberries and the coconut water until you've got a fine puree - this should make about 1 cup of strawberry puree. In a cocktail shaker, add the 1 cup of strawberry puree, the heavy cream, vanilla powder, vodka, and a little ice. Shake well until combined. Pour over glasses of ice, and top each glass with soda water. Garnish with remaining strawberries.
